Describe your robot once, for everyone

Every team at this event fills in one short sheet about its own robot. All the answers land in one shared report that every team here can read, so nobody spends the day repeating the same interview. Answers also show on each team's public page.

- 1. Scan the code above.** It opens the sheet for team 99911 only.
- 2. Answer what you know.** Drivetrain, auto, teleop, endgame. Skip anything you want to keep private.
- 3. Come back any time.** The same code reopens your sheet, so update it as the day goes on.

Read every team's answers: robolyst.org/event/2025/ftc/DEMOQ/scouting

Robolyst: no login, no app. This code opens team 99911's sheet only. Anyone who scans it can edit that sheet, so keep it at your pit table.
