Everyone scouts everyone, once

Every team at this event gets one page like this. Anyone can fill one in, and the answers land in a single report every team here can read. Nobody spends the day repeating an interview somebody else already did.

- 1. Scan the code above.** It opens the sheet for team 99901 only.
- 2. Answer what you know.** Drivetrain, auto, teleop, endgame. Leave anything you are unsure about blank.
- 3. The team itself has the last word.** If team 99901 fills in its own sheet from its Robolyst account, its answers replace these.

Read every team's answers: robolyst.org/event/2026/ftc/DEMOQ/scouting

Robolyst: no login, no app. This page and the sheet it opens are public. Printed by another team competing here, not by event staff.
